

Ergo-Express® Motorized Tilt Trash Truck

Innovation Designed Around You

**PHS
WEST
INC.**

“For more than 20 years we have taken great pride in what we manufacture, and our technical support after the sale has always been our hallmark of excellence. We strive daily to provide products and services beyond our customers’ expectations.”

-Scott Cummings, Vice President of Operations

Safe Transportation Solutions

With a motorized solution, just one staff member is able to complete the task at hand with no risk of a push or pull injury.

Ergo-Express® Motorized Tilt Trash Truck

Our motorized tilt trash trucks combine the common use of a tilt cart for collection of trash throughout your facility with the ergonomic benefit of a power drive system. Incorporating the power drive option allows you to transport a large volume of waste at one time safely and efficiently. The constant force design allows for controlled dumping by just one employee and still fits through standard commercial doors and on to elevators easily.

Keep your staff safe and efficient throughout their daily trash collection duties with the PHS West, Inc. Ergo-Express® Motorized Tilt Trash Truck.

Ergo-Express® Motorized Tilt Trash Truck

PHS West, Inc. understands your ergonomic needs. Our tilt trash trucks also come with quiet caster wheels allowing you to safely maneuver your facility quickly and quietly. With the Ergo-Express® Motorized Tilt Trash Truck, you get exactly what you need, nothing more, nothing less.

Ergo-Express® Motorized Tilt Trash Truck

Specifications

- Model Name and Number: E1000SCTTT
- Dimensions
 - Width: 30.2"
 - Length: 64.5"
 - Height: 38"
 - Weight: 180lb.
 - Shipping Weight: 180lb.
- Turning Radius: 32"
- Weight Capacity: 1,000lb.
- Material
 - HDPE Body
 - Powdercoated Tubular Steel Frame
- Drive Wheel: 9" Diameter
 - Grey Non-Marking
 - 4-Ply Nylon, Foam-Filled
- Caster Size: 4"
- Controller: Microprocessor-based
- Charging System
 - 120/220VAC
 - 2.2/1.7 A
 - Watts: 264/374
 - Electrical Phase: 1
 - Charging Cord: (UL) 384516 SJT 3X14AWG 105°C 300V VW-1
 - Plug Type: 5-15P
 - Drive System Voltage: 24VDC
- Battery Specifications
 - 35 AH
 - AGM Battery: Stand-By, UPS, High-Rate, Telecomm
 - Absorbed Glass Mat (AGM) - Battery
 - Synonyms: SLA, VRLA, AGM, Absorbed Glass Mat
 - Sealed Recombinant
 - Dot Description: Wet Battery, Non-Spillable
 - Chemical Name: Sealed Lead Acid, Secondary Battery
- Drive System
 - 24 VDC, 2856 RPM, 0.41A
 - Electromechanical Holding Brake, rated at 35.4lb./in. (4.0 Nm), with override and controller feedback
 - Top Speed: 3.40 MPH
- One Year Limited Warranty with Optional Upgrade of up to Three Years
- [24/7-365 Technical and Operational Support](#)
