A Safer Way to Move

Featherweight® Bio-Hazard Carts allow you to safely transport a large volume of waste at one time.

Featherweight® Bio-Hazard Collection Cart: Top Load

Featherweight® Bio-Hazard Carts are built to assist in the collection of bio-hazardous waste throughout your facility in a safe, secure and sanitary fashion. Multiple models and custom fabrication capabilities allow PHS West, Inc. to build the perfect cart for your application including handling of red bags, totes, bins and containers.
