2 Weight Kits: When you select an Ergo-Express® Ceiling Lift Load Test Cart to perform the task at hand, you are given customizable options including how to include weight kits in the application.

Multiple Selection: With a weight range of 200 pounds to 1,600 pounds, this application is PHS West, Inc.'s first choice when providing a suitable ceiling lift load test cart for your application. In ten pound selectable increments, our multiple selection weight kit allows you to adjust your load test weight as necessary both quickly and efficiently.

Removeable Weight Plates: Our simplest offering allows us to outfit an Ergo-Express® Motorized or Push Platform Cart with 25 pound weight plates up to the weight that best suits your application.

3 Place Your Order: Our sales representatives are here to help you place your order via email at info@phswest.com, by phone at 1-888-639-5438 or online at www.phswest.com.

Minimize stress on staff as the strenuous tasks of testing ceiling lifts falls back in-house. Just one person will gain the freedom of transporting equipment safely and easily with the implementation of an Ergo-Express® Ceiling Lift Load Test Cart.
