

FEATHERWEIGHT®
**Variable Height
Monitor Stands**

Allow for convenient monitor positioning and ease of use, no matter the amount of space available.

Our Mission

PHS West, Inc. is a relationship focused organization providing innovative products for a safe and efficient workplace.

Customer service is at the forefront of our operation at PHS West, Inc. We take our customers' needs very seriously and work to provide the best solutions possible. I love helping people make healthier choices when it comes to their job, every day.

Variable Height Monitor Stands

PHS West, Inc. roll monitor stands allow any one staff member to adjust the height of the monitor without zero hassle.

With several mounting options and weight capacity ranging from five to 80 pounds, we can accommodate nearly any existing monitor you may have. If you are in the market for a new monitor, we can supply that too.

CUSTOMIZATION

The modular design of our variable height monitor stands provides adaptability for hardware or application changes over time.

Additionally, adding a hitch to your monitor stand to connect with a Featherweight® Endoscopy Cart allows for seamless transport of all necessary endoscopy equipment and supplies.

Variable Height Monitor Stands
