# Motorized Platform Carts

Increase your efficiency and reduce the risk of push or pull related injury with equipment and supply transport.

## Our Mission

PHS West is a relationship focused organization providing innovative products for a safe and efficient workplace.

*It is amazing to work with such a dedicated team who truly care about the people we serve. From the first call through the life of your cart or tug, we are here to ensure that your job is safer and more efficient.*

## Motorized Platform Carts

Ergo-Express® Motorized Carts are the safe and efficient solution to transport heavy supplies, equipment and materials. Allow any one staff member to safely complete tasks that would typically require multiple people or trips. Eliminate the risk of a push or pull force injury and boost employee morale.

### CUSTOMIZATION

Our nearly endless customization options include, but are not limited to: heavy duty upgrades, lift tables, enclosed cabinets, shelving rack assemblies, weatherproof covers and stainless steel construction.

### FEATURES

All of our motorized carts come standard with a state-of-the-art user interface and intuitive user response. Safety is bolstered by our exclusive stop switch, immediately bringing the cart to a complete stop when engaged.

This is all backed by our signature 24/7 customer support team, up to a three year parts warranty, and optional extended warranty and service packages to ensure you receive optimal customer service throughout the life of the product.

## MODELS

Our multiple models of motorized carts allow you to fit the best tool to your unique needs.

### MOTORIZED CART Economy Series

Accommodate any budget with a weight capacity of 1,000 pounds.

### MOTORIZED CART Standard

The standard model is the perfect solution for up to 1,500 pounds.

### MOTORIZED CART Heavy Duty

Meet needs that exceed the standard with a 2,500 pound weight capacity.

### MOTORIZED CART Extra Heavy Duty

Transport even the heaviest of loads up to 5,000 pounds.

### MOTORIZED CART With Lift Table

Eliminate the risk of back injury; move and lift up to 1,000 pounds.

## OPTIONS AND ACCESSORIES

The modular design of our carts allows you to build to your specific requirements.

#### DIMENSIONS

Custom platform sizing to meet exact requirements.

#### WEIGHT CAPACITY

Upgrade to meet larger weight requirements.

#### STORAGE OPTIONS

Select from various shelving and enclosure options.

#### BATTERY UPGRADES

Accommodate any duty cycle needs.

#### DECK FINISHES

Options include anti-skid coating and stainless steel.

#### RETRACTABLE DRIVE

Enables easy manual positioning sideways.

#### WHEELS AND CASTERS

Select the best fit for your terrain requirements.

#### CONTROL COVER

An additional layer of protection for the battery box.

#### CHARGING CORD REEL

Store the cable within the battery box at a pull.

#### SAFETY ALERTS

Add a horn or light for safety in low visibility areas.
