

FEATHERWEIGHT®
Endoscopy Carts

With endless customization options, design the perfect solution for your endoscopic equipment and supply needs.

Our Mission

PHS West is a relationship focused organization providing innovative products for a safe and efficient workplace.

What I love about PHS West is the culture of connection and family that spreads outside of our company walls. We are motivated to foster relationships rather than sales with our customers.

Endoscopy Carts

PHS West has been the innovator of endoscopy carts for more than two decades; this level of expertise is apparent in the quality of every single endoscopy cart that we build. Every Featherweight® Endoscopy Cart is custom built to be the perfect fit for your equipment, supply, footprint and budget requirements.

CUSTOMIZATION

From our countless accessory options to designing the ideal storage layout, the modular design of our carts allows for unparalleled customization. Strategically position equipment and supplies for convenient access during procedures. Whether travel or procedure cart, rest assured we have the perfect solution for your facility.

FEATURES

All of our motorized travel carts come standard with a state-of-the-art user interface and intuitive user response.

All of our products are backed by our signature 24/7 customer support team, up to a three year parts warranty, and optional extended warranty and service packages to ensure you receive optimal customer service throughout the life of the product.

Featherweight® Endoscopy Carts

Finding your perfect solution is as easy as telling us your list of required equipment, preferred model of cart, vital accessories, essential storage and monitor needs. We will take it from there!

MODELS

Our multiple models ensure your cart is everything you need and nothing you do not.

EQUIPMENT

Providing a list allows us to arrange your cart according to your needs. This includes light source, processor and cautery.

FEATHERWEIGHT® TRAVEL CART SPECS™ Endoscopy Cart System

Store equipment necessary for every travel case on the motorized cart while organizing supply carts specific to procedures. Hitch together to allow any one staff member to safely transport all equipment in one trip. Unhitch to position each cart separately in the patient's room.
