

ERGO-EXPRESS®

Dialysis Transport Systems

Eliminate the risk of a push or pull injury associated with the transport of acute bedside dialysis equipment.

Our Mission

PHS West is a relationship focused organization providing innovative products for a safe and efficient workplace.

Each day I spend at PHS West, I have the opportunity to generate and foster an environment rooted in creativity and productivity. Developing innovative solutions that make a difference for our customers is our top priority.

Isaac Braun
SENIOR MECHANICAL
ENGINEER

Dialysis Transport Systems

PHS West understands the unique challenges faced by moving dialysis equipment for bedside procedures. Without the proper transportation equipment, this task presents significant risks and inefficiencies.

Designed to complement current department processes, Ergo-Express® Dialysis Transport Systems bolster both the safety and efficiency of daily operations.

OUR HISTORY

As the pioneer of the motorized dialysis cart, we have been working with dialysis teams for decades to provide optimal transportation solutions.

With our versatile product line, PHS West can help you configure the perfect solution to meet your specific needs. Contact us today to begin your complimentary consultation.

Ergo-Express® Dialysis Transport Systems

YOUR OPTIMAL DIALYSIS TRANSPORT SOLUTION

Several aspects go into ensuring that we will design the perfect fit for your needs.

FEATURES

Safe & Efficient Transport

By implementing a power drive system, one operator can safely transport all necessary equipment in one trip. Bolster efficiency with our two-piece model; seamlessly transport as one unit before positioning equipment separately at bedside.

FEATURES

Compatibility

Our dialysis transport systems are compatible with nearly all hemodialysis machines and water treatment systems. We design to accommodate your equipment.

FEATURES

Multiple Models

Select from one-piece, two-piece, motorized and push options. Our various configurations provide flexibility to meet the unique operational, logistical, and workflow requirements of any facility.

HOLISTIC CUSTOMER FOCUS

We strive to make each customer experience outstanding through the entire life of the product.

COLLABORATIVE DESIGN PROCESS

We place an emphasis on building quality relationships based on honesty and trust. Our dedicated and experienced team members work with you through the design process from the first call through product implementation and beyond. Our team will ask the right questions and provide the right solution for you.

VIRTUAL DESIGN REVIEW

PHS West takes pride in being at the cutting edge of digital communications. Schedule a virtual meeting with your sales representative to review designs. Participate in product demonstrations from any location via our virtual show room. Rest assured that you will know exactly what to expect before making a final decision.
