Motorized Tugs

Ergo-Express® Motorized Tugs are the safe and compact solution to transport heavy supplies, equipment and materials already on a wheeled base. Allow any one staff member to safely complete tasks that would typically require multiple people or trips. Eliminate the risk of a push or pull force injury and boost employee morale.

FEATURES

All of our motorized tugs come standard with a state-of-the-art user interface and intuitive user response. Safety is bolstered by our exclusive stop switch, immediately bringing the tug to a complete stop when engaged.

Our tugs have the smallest footprint on the market along with a short turn radius for optimal maneuverability in tight spaces. The self-ballasted frame enhances stability and traction when stopping and starting.

This is all backed by our signature 24/7 customer support team along with optional warranty and service packages to ensure you receive optimal customer service throughout the life of the product.

Ergo-Express® Motorized Tugs

MODELS

Our multiple models of motorized tugs allow you to fit the best tool to your unique needs.

MOTORIZED TUGS With Lifting Hitch

Pull carts up to 2,500 pounds that do not have direction-fixed casters.

MOTORIZED TUGS Standard

The standard model is the perfect solution for up to 2,500 pounds.

MOTORIZED TUGS Heavy Duty

Meet your specific weight capacity and duty cycle needs.

MOTORIZED TUGS Economy Series

Accommodate any budget with a weight capacity of 1,500 pounds.

MOTORIZED TUGS Extra Heavy Duty

Transport even the heaviest of loads up to 5,000 pounds.

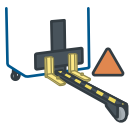

MOTORIZED TUGS Server Rack Tug

Transport server racks and components on a wheeled base.

HITCH SYSTEMS

Hitches link the tug to the item being pulled. Each hitch can be modified to fit your application.

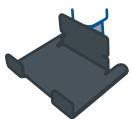

LIFTING HITCH

Easily connect to any under-cart frame at the touch of a button.

HANDLE GRAB HITCH

Easily connect to any cart handle at the light press of a foot.

UNIVERSAL HITCH

Easily connect to any cart frame at the light press of a foot.

HITCH PLATE WITH STRAP

Connect and secure with spring-loaded straps.

CUSTOM HITCH

In more unique instances, work with our team to develop your solution.

COUPLING HITCHES

Connect carts in "train"-like fashion to pull multiple at once.
