Motorized Patient Transport Chairs

The Ergo-Express® Motorized Patient Transport Chair is the safe solution to transport patients around your facility. Allow any one staff member to safely transport patients up to 750 pounds. Eliminate the risk of a push or pull force injury while boosting patient safety and employee morale.

Utilize power drive to effortlessly handle long distance transport, carpets, ramps, and thresholds. The short turn radius allows maneuverability around tight corners and narrow spaces.

Put an end to the aches, pains, and strains associated with manual transport. Bolster efficiency by removing the need for multiple staff members to complete this task.

Ergo-Express® Patient Transport Chair

PATIENT-FOCUSED, STAFF-DRIVEN

Our patient transport chair is designed with both safety and comfort at top of mind.

BENEFITS

Transport Safety

Move patients across your facility with zero push or pull force. The swivel seat and adjustable arm rests facilitate safe and efficient patient transfers, minimizing strain on staff.

BENEFITS

Patient Comfort

Enhance the quality of your patient care with a memory foam seat and optional adjustable leg rests.

BENEFITS

Maneuverability

Easily navigate tight spaces and corners with a center-mounted drive and 19.6" turning radius. The automatic brake ensures safe parking in any position, even on inclines, by automatically locking when the drive is disengaged.

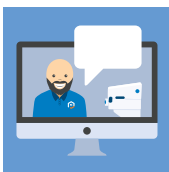

HOLISTIC CUSTOMER FOCUS

We strive to make each customer experience outstanding through the entire life of the product.

24/7 EXPERT SUPPORT

Emergencies don't wait. That's why PHS West offers 24/7 access to our team of skilled technicians for the life of your product. Contact us any day, any time, to ensure your patient transport chair is always running smoothly.
